

ON-SITE TRAINING

We Bring the CPE to You

Since learning is at its best when it's relevant, PICPA customizes topics to focus on your organization's challenges, real examples, and client issues.

Courses Built for Your Team

All On-Site Training is tailored to your organization's education needs and business goals, on a date and at a time that works for your team. Training can be adapted so it's relevant to your team. Sessions can be as long or as short as you want them.

Private Setting & Confidential Environment

With only your team in attendance, you can openly discuss how concepts can be applied to your organization and use real examples without compromising confidentiality.

Cost-Effective Way to Meet CPE Goals

On-Site Training is most cost-effective for groups of 15 or more. Don't have 15 people? Think about partnering with a neighboring firm or company.

We can help make your budget work for you. Technology allows for training in all shapes and sizes. We can provide face-to-face group training, webinars, discussion leader guides (for your staff experts to teach internally), and retreat keynote speakers.

Access to Popular Discussion Leaders

PICPA's best discussion leaders, including Frank and Matt Ryan, Dr. Ray, Allison Henry, and Susan Smith, can create training for your unique needs and bring life to technical topics, resulting in improved job performance.

It's About More Than Credits

Training boosts morale, elevates your staff's expertise, improves client service, and demonstrates your investment in your most valuable asset—your staff.

Customized Ethics Training

There's a four-hour ethics CPE requirement for all Pennsylvania CPAs. We have plenty of ethics on-site training options featuring experienced instructors. Customized ethics training is one of our most popular On-Site programs.

Learning Is All-Inclusive

PICPA's On-Site Training can cover any business topic you need. Straight forward accounting topics like A&A or tax updates... we have hundreds of options. Technology training for your entire team...we've got it. Conflict management for partners and execs...not a problem.

No Travel Needed

By choosing On-Site Training, you eliminate your team's need to travel for CPE. You're bringing the training right to them.

It's a Reporting Year

All Pennsylvania CPAs must complete 80 credit hours (20 credit minimum per year) by Dec. 31, 2017, including:

16 in A&A

8 in tax

4 in ethics
